*If So which Church:* \_\_\_\_\_

*If not are you willing to start attending our church?* \_\_\_\_\_

*Turn to Back*

**Please Read:** Baby Dedication is a commitment from the child's parents that they will raise the Child up in the ways of the Lord. This is different from Baptism.

Baptism is what one does when they themselves can confess that they are a sinner and have a need for a savior. They give their life to Christ and then are baptized (submerged).

Baby dedication, are the parents making the commitment to teach Christian values and a commitment to the body of Christ.

**The Parents**

In baby dedication the following Commitments are made:

- 1) The parents will set a Godly example to their child
- 2) The parents will teach biblical principles in word and action.
- 3) The parents will grow the child up in a bible believing church.

**God parents( Not necessary)**

- 1) God parents are a support system to the parents
- 2) God parents are another relationship the child can go to as he or she grows to be a Godly example or guide.

**The Church Body**

During Baby Dedication it is an opportunity for the church body to also make a commitment to the parents and child.

- 1) The body commits to helping the parents in being a Godly witness
- 2) The Body commits to helping the child grow in the walk with God.
